Re: Application 10/715,491 Confirmation No 4510 Filed: 11/19/2003.

The suggested parting of the invention is impossible. I am not able:

1. To accomplish two separate inventions within one month.
2. To split the trestle and its slope for going up and down. The former is an integral part of the latter and its natural extension.

I trust your kind attention on the matter.
